4 Phase Model That Ensures AI Success

November 11, 2026
Plan a staged, people-centered introduction of AI tools within an organization.

What this guide covers

- Assess readiness and define learning phases.
- Create practice, support and application plans.
- Set milestones and gather feedback.

Who this is for

For managers and trainers introducing workplace AI.

Putting the ideas to use

Adapt the model to your team's needs rather than assuming a guaranteed outcome.

Book details

Format: Guide. Pages: 35. Words: 3555.

Download availability: After payment, download the complete ZIP package or the included PDF separately.
