5-Step Content Extraction Workflow

November 11, 2026
A five-step workflow for extracting useful ideas from core content and adapting them into new assets.

What this guide covers

- Choose source material and catalog reusable ideas.
- Transform selected components into formats suited to different platforms.
- Organize publishing, promotion, and workflow improvements.

Who this is for

For content creators and marketing teams managing ongoing publishing across channels.

Putting the ideas to use

Apply the workflow to one core asset and track which adaptations are useful to your audience.

Book details

Format: Guide. Pages: 28. Words: 3183.
