Complete Red Tag Implementation

November 11, 2026
An implementation guide to using red tags as part of a workplace 5S sorting and organization effort.

What this guide covers

- Set up a process for identifying and tagging items for review.
- Organize decision, holding, and documentation steps.
- Track results and follow through on workplace organization.

Who this is for

For operations teams and workplace leads coordinating a structured sorting project.

Putting the ideas to use

Plan a limited area, agree on decision criteria, and record what happens to tagged items.
