Modern Estate Manager

November 11, 2026
A systems-focused guide to coordinating household operations, leading staff, and caring for high-end residential properties.

What this guide covers

- Build routines for scheduling, maintenance, and household operations.
- Coordinate staff and service providers with clear expectations.
- Explore the skills and professional development involved in estate management.

Who this is for

For estate managers and household operations professionals seeking a more organized approach to their work.

Putting the ideas to use

Use the ideas to review existing routines, clarify responsibilities, and plan improvements to household systems.
